SUMMARY

Enthusiastic full-stack development fresher with internship experience in web and software development. Skilled in HTML, CSS, JavaScript, Python and Django. Passionate about building user-friendly applications and continuously improving through hands-on learning. Actively seeking opportunities to contribute and grow as a full-stack developer

EDUCATION

B.E in Computer Science & Engineering, Ponjesly College of Engineering, Nagercoil   2021 - 2025
CGPA - 8.3 *

HSC, Carmel Girls Higher secondary school, Manalikarai   2020 - 2021
80.16%

SSLC, Carmel Girls Higher secondary school, Manalikarai   2018 - 2019
76%

SKILLS

Languages	Python, JavaScript
Frontend	HTML , CSS , BOOTSTRAP
Framework	Django
Tools	Git
Soft Skills	Leadership, Observant nature, Solitary Learner, Teamwork & Cooperation

INTERNSHIP EXPERIENCE

Web Development   Dec 2024 - May 2025
8 Queens Technologies   *Chennai*

- Created a responsive login page using HTML and styled it with CSS to enhance user experience.
- Applied fundamental web development skills to design and implement a clean, user-friendly interface.

Full-Stack Development   Jun 2024 – Nov 2024
Srishti Innovative   *Trivandrum*

- Gained hands-on experience in building dynamic web applications using HTML, CSS, and JavaScript for front-end development.
- Developed robust back-end functionality using Python and Django, demonstrating a solid foundation in full-stack technologies.

PROJECT

Bone Fracture Detection Using Deep Learning

- Developed a deep learning-based bone fracture detection system using X-ray imaging, integrating Random Forest and Logistic Regression to achieve 90 Percent diagnostic accuracy.

Skin Disease Prediction Using Deep Learning

- Built a deep learning-model using DenseNet and Flask to predict skin diseases from images, facilitating early diagnosis and user-friendly web access.

ACHIEVEMENTS

- Awarded Best Debugger in 2022 during an inter-college programming competition for exceptional problem-solving and debugging skills.
